EVERGREEN GRAFTS

SPRING 1939 DELIVERY

CHANDLER LANDSCAPE & FLORAL CO.
101 W 47th STREET KANSAS CITY MO.

WHY OUR GRAFTS ARE THE BEST THAT CAN BE GROWN

FIRST

They are made by expert labor only.

SECOND

Made on family stock.

THIRD

Made on strong thrifty understock with proper root growth established in 2½ inch pots.

FOURTH

Made with long young scions. NOTICE OUR SIZES.

FIFTH

Proper heat and ventilation to insure proper callousing.

These are only a few of the reasons why Chandler's Grafts make such rapid growth when lined out in the field.

DIRECTIONS FOR PLANTING

Plant directly in the field after freezing weather is over. Have soil well prepared. Plant only deep enough to cover the graft union.

CULTIVATION

Be sure to keep a dust mulch in dry weather, never allowing the ground to become hard and baked.

TIME OF SHIPMENT

These Grafts are ready in March but we would advise waiting until freezing weather is over before making shipment.

PRICES

Our prices are reasonable. Thirty of the same variety are priced at the 100 rate, 300 at the 1000 rate.

We allow 3% discount and boxing free when cash accompanies the order.

T R E E S

Our trees are listed at Bare Root prices. Most trees $3\frac{1}{2}$ to 4 inch and up in caliper should be balled and burlapped to be moved successfully. Elms may be moved at the proper time of year bare rooted, up to and including the 4 to 5 inch size. All trees transplanted during the winter when the ground is frozen must be handled with a ball of earth. Pin Oak, Birch, Magnolia, and a few other varieties should be moved with a ball regardless of the season.

The extra charge for balling, if required, on the smaller sized trees, is as follows. Planting will be charged additional at 25% of the Bare Root or List price of the tree.

3 to 4 ft.	\$0.25
4 to 5 ft.35
5 to 6 ft.50
6 to 8 ft.65
8 to 10 ft.	1.00
$1\frac{1}{4}$ to $1\frac{1}{2}$ in.	1.25
$1\frac{1}{2}$ to 2 in.	1.50
2 to $2\frac{1}{2}$ in.	2.00
$2\frac{1}{2}$ to 3 in.	2.50

The additional charge for Balling and Burlapping the larger size trees includes also the price of planting in Greater Kansas City, as follows:

3 to $3\frac{1}{2}$ in.	\$3.00
$3\frac{1}{2}$ to 4 in.	4.00
4 to 5 in.	6.50
5 to 6 in.	7.50
6 to 7 in.	10.00
7 to 8 in.	12.50
8 to 9 in.	15.00
9 to 10 in.	17.50

Extra labor which might be necessary in case we encounter objectionable material such as rock, which must be removed before the planting can be done, will be furnished at the rate of 75¢ per hour.
